

The International Women's House is a domestic violence shelter with a mission to provide a safe haven and supportive services to women and children who are the victims of family violence, sexual abuse and human trafficking, with a focus on immigrant and refugee women and children, cultural sensitivity and self-sufficiency.

Non-English-speaking battered women are among the most isolated and vulnerable victims of domestic violence. The International Women's House helps them get out of their abusive situation and into a self-sufficient new life.

Small Business Services has arranged to be a drop-off site for tangible donations to help these women on their journey. Many of them arrive with little to no personal belongings. Your donations will assist in keeping them comfortable during their stay at IWH as well as help them get established in their new homes. We've provided a list of suggested items on our website at www.smallbizservices.com/internationalwomenshouseproject

If you would prefer to make a cash donation, you can go to their website to give directly:
